I only have one younger brother called Tim. He is four and a half years younger and will be 13 on the 4th of January. I like him a lot, even though we fight sometimes. We spend a lot of time together and have some similar hobbies like mountain biking and snowboarding. His sense of humour is very interesting. He doesn't think about what he wants to say, he just says it, so sometimes his sentences are a bit strange.

1. Have you ever lived or travelled outside your country?
(Wurdest du schon einmal im Ausland?)

Yes

No

If yes, describe where!
(Wenn ja, beschreibe wo!)

I have been to Greece, the Netherlands, five or six times in Denmark and two times in England. In London to be precise. In 2015 I went to Greece for a week with my mum, my grandmother and my little brother. I was in the Netherlands in the summer holidays 2023. We did a lot of cycling and visited towns like Alkmaar and Egmond. And I can just say that all the bridges and the little streams, the little restaurants and cafés, it's just beautiful. We have been to Denmark quite a lot and every year we go to the same island called Rømø. There are just miles and miles of sandy beaches and you just feel free. The first time I was in London was in 2019 to visit my step-sister when she was working here. And the second time I was in London was in 2023 for a school trip. And what can I say, it was wonderful. I like travelling outside my country because the world is so beautiful and I want to see it all. I would like to visit the USA because it is such a big country with a lot of power in the world and I think that such an exchange will create unforgettable memories.

2. Describe your community and surrounding area, including sightseeing possibilities, museums etc. which might interest a visitor.
(Beschreibe deinen Wohnort und Umgebung, Ausflugsmöglichkeiten, Museen usw., die einen Besucher interessieren könnten.)

I live in a small village called Flammersbach, near Halberstadt. My house is right next to the forest and our street sees very little traffic. Our neighbourhood is a bit older, but our best friends are our neighbours Cindy, Benny and their little baby Emil, who often come over to play cards, have a coffee or just talk. There is no museum or anything like that in my village, just a kindergarten with a playground. If we want to go shopping, we need a car or we travel by bus and train. For example, it takes us 30 minutes to go to Gießen by train. So whenever we want to do something we need a car or a bus. There is a climbing park in Bad Marienberg and a indoor pool in the same town. But otherwise we have to travel a lot to do anything. That's the only thing I don't like about living in a small village. But we have a huge garden with a swimming pool that we can use in winter and summer, there is a small area with sand, a pond with fishes and two sunbeds. And a very important thing in the garden is the little house of my three cute rabbits called Elli, Puschel and Böhnchen.

3. What subjects do you like in school? For what reasons? What profession or occupation are you considering? For what reasons?
(Welche Fächer gefallen dir in der Schule? Aus welchen Gründen? Welchen Beruf möchtest du ergreifen oder in welchem Bereich möchtest du arbeiten? - Bitte diese Frage auf jeden Fall beantworten!)

I really like Educational Science, psychology and sports very much. Psychology is my favourite. I find it very interesting to learn about people, how they think and in general how a person's psyche develops and behaves. Educational Science explores education 300 years ago, including changing roles of father and mother, how children were raised back then and what importance religion had. We also deal with wrong education, i.e. what not to do. So this is another subject I really like. And then there is sport. I like this subject because I am sporty. I can't do a handstand or a balancing act, but I like playing badminton, some running games or parkour. I have no idea what I want to do after school. In primary school I wanted to be a teacher, but now that I'm in 11th grade I think that I can't explain something very well, especially to young people. When I was in 10th grade, I thought about becoming a pilot, but the training costs about 220,000 euros and I think that's a bit too expensive. I would like to have a job that pays a bit more, where I have something to do with people (but not with little children). The most important thing for me is the variety and the fun of my job. I could also imagine working abroad. But I think I will find a job that suits me.

4. List your favorite activities, hobbies, and ways you occupy your free time.
(Nenne deine Lieblingsbeschäftigungen, Hobbys und bevorzugte Freizeitaktivitäten. Welche Musik hörst du? Welche Sportart/er betreibst du?
Bitte sehr ausführlich beantworten!)

I don't have that much free time during the week. I'm at home after school until half past four, and in the winter there isn't much daylight to do anything outside. But if I have enough time, I like to go mountain biking with my little brother and my stepfather. In the summer holidays I ride my bike every day and we go to different places, often to the Höllkopf. That's a place where are some trails and jumps. So you can imagine what I like to do. In the winter season, when there is enough snow, I love to snowboard. I also do it with my little brother and my best friend Elina, but she rides sky. Throughout the year I ride my two horses, Sam and Candy. I have been doing western riding for 8 years now. I love my hobbies and I can clear my head and have a different attitude than during school. And for the last three years I have found out that I am really good at baking cakes (I baked a wedding cake for example, five or six birthday cakes and a gender reveal cake). In 2023, I bake a wedding cake and a birthday cake for my friend Lily. It takes me a long time to bake, but I love it. It's like a passion for me. But when I'm not doing my hobbies, I like to meet my friends, talk to them about teenage things (about boys, stupid things that happened at school or what we're going to do next weekend), have some fun, have sleepovers or cook something (cookies, spring rolls and so on). My music style is very different and depends on the day. But I could say that I hate listening to pop music, so most of the time I listen to techno or something like that. I like the song "Not fair" by the band Niklas Dee or "Einmal um die Welt 2k23" by the same band.

5. Do you have pets in your home? Yes No
(Haben Sie Haustiere in Ihrem Haus/Ihrer Wohnung?)

How many and
what kind of pets?
(Wie viele und
was für welche?)

Just one cat named Simba.
